

# WEST INTERLAKE COMMUNITY DEVELOPMENT PROJECT SUPPORT INITIATIVE

## Application Package

Community Futures West Interlake (CFWI) will stimulate community and regional economic development by supporting local community organizations undertaking community and regional development projects. This contribution program is an effort by Community Futures West Interlake to support communities to undertake projects that will create direct and future economic development growth or employment.

### What the Program Offers

CFWI program will contribute a maximum of \$10,000 or 50% of total project costs, (whichever is less) for incremental capital projects.

CFWI contribution must be matched by an equal local investment of actual dollars (not in-kind).

### Who is Eligible?

All not-for-profit (non paid share) groups in the CFWI region with duly elected boards and generally accepted and current financial statements and procedures are eligible. Also included are Local Governments, First Nations Communities and Community Development Corporations.

For-profit organizations in partnership with a qualifying not-for-profit, municipal or other agency may also qualify.

Priority will be given to projects that address local or regional priorities of CFWI, Municipal / Band Government, CDC, or Chamber of Commerce. Communities and regions will be encouraged to undertake strategic planning and determine those projects which are their highest priority.

## How to Apply

Review the Criteria/Guidelines below and complete the attached application form and return it to CFWI before the **deadline of 4:00 pm, Friday, May 31, 2019.**

### Please include:

- The most recent audited/approved annual return or financial statement.
- Details of your organizational structure (board members, history, current financial statements, partners).
- Any attachments that would help explain your project or confirm local support and financial commitments (diagrams, drawings, letters of support, planning documents, quotes, etc.).

### Guidelines

Priority will be given to those projects that create permanent capital development or undertake economic development projects and strategies, and those projects that have a permanent impact on the community. (We will not fund normal operations, staff, maintenance, equipment, or event budgets).

Only new or incremental projects will be considered. To be considered incremental to the activities already being undertaken, it must be a new initiative or project phase.

All projects must create direct employment, indirect employment spin-offs, or directly lead to the attraction of new residents or visitors, by making the community more attractive to them.

The contribution matching dollars must be with local dollars at least equal to the CFWI share (there must be a local investment). Local contribution must be in terms of money or tangible products, not in-kind.

Local contributions must be evidenced and disbursement will not be made without evidence of paid bills.

Funded projects/initiatives must be accessible and available for everyone, not for a specific social or single recreation group.

Projects could be local or regional in scope and partnerships are strongly encouraged.

Organizations must promote the contribution made by the CF program (such as permanent signage). Signage to be supplied.
